

LEQ'Á:MEL CITIZENSHIP CODE

Please join us for this important work to share your ideas on the following:

1. Do you know of Leq'á:mél citizens who were unable to apply for citizenship/status due to sexual discrimination in the Indian Act, to April 17, 1985?
2. How does the Nation ensure registration of eligible citizens (youth) to obtain their status?
3. Should the Leq'á:mél Nation develop Citizenship Code additions to include current/future 'non-status' citizens. If yes, what eligibility criteria should be used?

All sessions will be broadcast using Facebook Live. Also, if you cannot attend please complete the on-line survey at:
